

O.E.M. Replacement Seals

Mechanical seals for Grundfos® pumps

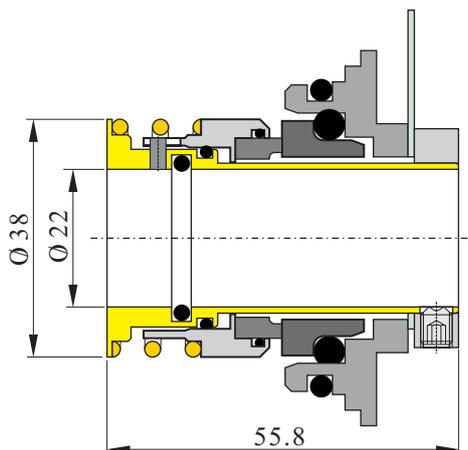

Vrska Press supplies complete semi-cartridge mechanical seals, equipped with a plastic spacer to ensure the correct working height during installation. These seals are designed for Grundfos® CR, CRI, CRN, CRNE, and certain other series of multi-stage pumps. Standard material combination: SiC / Carbon / Viton / SS304. Other materials are available upon request.
